- Pre-Installed Drain Flow Restrictor
- Automatic Shutoff Valve
- John Guest® Quick Connect Fittings
- Professional Black Cover
- Installation Parts Packet
- Easy to Follow User Manual
- Assembled in the U.S.A.

DELUXE 4-STAGE

Designed to discreetly conceal components and unsightly tube connections under a sleek, decorative black cover. Perfect for applications where an aesthetic and professional appeal is desired.

DI DELUXE 5-STAGE

Designed to provide the professional appeal of a Deluxe model while adding further filtration through deionization (DI). The DI post-filter can polish the RO water down to 0 TDS. Perfect for applications that require ultra-low TDS levels like aquariums.

CALCITE DELUXE 5-STAGE

Designed to provide the professional appeal of a Deluxe model while adding a Calcite post-filter to raise pH levels. Calcite is a naturally occurring mineral that can correct pH just enough to reach a non-corrosive equilibrium.

EC Deluxe 4-Stage

EC DI Deluxe 5-Stage

EC Calcite Deluxe 5-Stage

MODEL	CAPACITY (GPD)	MEMBRANE	DESIGN RECOVERY	NOMINAL TDS REJECTION
DLX 4-STG	25, 50, 100, 150	2" X 12" (QTY. 1)	30%	98%
DI 5-STG	25, 50, 100, 150	2" X 12" (QTY. 1)	30%	98%
CAL 5-STG	25, 50, 100, 150	2" X 12" (QTY. 1)	30%	98%
